LINKEDIN <https://www.linkedin.com/in/kevin-brennan/>

## SKILLS

Javascript, Ruby, Python, Rails, React, Redux, HTML5, CSS3, PostgreSQL, Git, TDD, Linux, Windows, Mac, currently learning Node.js

## Experience

**Software Developer** | *Freelancer*

January 2017 - Present

- Created a blog using the Rails framework that allows for login, private and public posting, and utilizes OAuth for a secure user experience.
- Experienced in object-oriented programming; developing, testing and debugging code; designing interfaces
- Quickly learned new technologies as needed to integrate into projects and applications

## Portfolio Samples

**BlogOnRails** | *Sole Developer* - Rails 5, Javascript, HTML, CSS

[live](#) | [github](#)

*A responsive web application written in Rails and hosted on Heroku.*

**Youtube** | *Sole Developer* - React

[live](#) | [github](#)

*A responsive web application mimicking the youtube design pattern written with the React library for lightning-fast view-loading and Youtube API calls.*

**Tic-Tac-Toe, Battleship, Hangman, Towers of Hanoi** | *Sole-Developer* - Ruby, Javascript

*CLI implementations of popular games. At the onset of my studies in web development I wanted to understand how to think like a programmer so I built games that I was familiar with and it turned out to be an incredible boost to my development as a software developer. You can find them on my [github](#).*

## Education

**App Academy** - Full Stack Development (Rails, Javascript, React, SQL, Node.js, HTML, CSS)

**Pennsylvania State University** - PhD in School Psychology (40 credits earned)

**Moravian College** - B.A. in Political Science && Philosophy
